[illegible]

A hand-drawn graph on lined paper. The horizontal axis is labeled 'x' and the vertical axis is labeled 'y'. Two curves are plotted: a straight line with a negative slope and a curve with a positive slope. The two curves intersect in the first quadrant. The line starts at the top left and goes down to the bottom right. The curve starts at the bottom left and goes up to the top right. They cross each other at a point where both x and y are positive.
